**AI Syllabus Icons**

	<p><b>No Generative AI Allowed</b> This icon signifies that the assignment strictly prohibits the use of generative AI tools. Students must complete the work independently, ensuring that their submissions are entirely original and manual without generative AI assistance.</p>
	<p><b>Caution: Limited Generative AI Allowed</b> This icon indicates that generative AI tools can be used, but only within specific, limited contexts. Students should follow detailed guidelines to ensure compliance, such as using AI only for brainstorming or grammar checks, not for content creation.</p>
	<p><b>Generative AI Permitted</b> This icon represents that the ethical use of generative AI tools is fully allowed in the assignment. Students can leverage AI to assist in writing, research, and problem-solving, provided they cite the tools they have used where appropriate.</p>
	<p><b>Generative AI Suggested</b> This icon recommends the use of generative AI as a beneficial resource for the assignment. It encourages students to explore AI tools to enhance their work, learn about generative AI, improve efficiency, or gain insights, while still critically engaging with the material.</p>
